

Dimensions same as RE-3-73

Slot 3/4" X 2 1/2"

SPECIFICATIONS

Back-up plates shall conform to the current requirements of A.A.S.H.T.O. M180, Class A, Type 2.*

Dimensional tolerances not shown or implied are intended to be those consistent with the proper functioning of the part, including its appearance, and accepted manufacturing practices.

INTENDED USE

This back-up plate is placed behind rail elements at intermediate steel posts (non-splice posts) in the standard "W" Beam Guardrail and "W" Beam Median Barrier designs G4, MB4, and MB4B.

* If another class or type is required this should be indicated by a modified part number. For example, if corrosion resistant steel is required show thusly:
RE-4[Class A, Type 4]-76.
